About me

Hello, I am Anatolii Krymov, a talented 3D designer, 3D artist, and 3D visualizer from Khmelnytskyi, Ukraine. With over a year of professional experience, I specialize in creating visualizations of interiors and exteriors, as well as individual object models. My key skills include working in 3Ds Max with Chaos Corona and Marvelous Designer, which allows me to execute projects with a high degree of realism and detail. I am always quick to learn new things and I live for 3D creation. My technical knowledge and creativity help me effectively bring the boldest ideas to life, ensuring professional completion for each project. I am always open to learning new technologies and techniques in the field of 3D modeling. I have significant experience in graphic design, including creating logos and comprehensive branding using Adobe Photoshop and Illustrator. In working on projects, I always strive to achieve high quality and client satisfaction, which

Work Experience

Dec 2023 - May 2024

Junior 3D Artist / Visualizer

- Creating professional lighting for scenes and interiors.
- Texturing and shading 3D models.

Soft Skills

I am a creative individual with a strong interest in exploring and visualizing new ideas, often finding inspiration in the arts and online resources in my spare time. I enjoy the challenge of transforming concepts into visual forms and am comfortable working both independently and as part of a team. My ability to communicate effectively helps me connect easily with others, and my experience in project-based teamwork has enhanced my organizational and time management skills. I am always eager to learn and adapt, which supports my ongoing personal and professional development.
